The wireframe shows a page layout for 'Resources for Kids on the Street'. At the top, there is a navigation bar with links: Resources, Support Team, Calendar & Events, Gallery, Blog, Email Us, Volunteer Main, Your Profile, Events, and Submissions. Below this is a secondary navigation bar with Home, Volunteer Home, and Events. The main content area features a welcome message, a calendar for October and November 2011, and three event listings for Saturday, October 8th, 2012. Each event listing includes a title, description, and a form to select a time slot and submit. On the right side, there are three widgets: a Facebook Feed, a Blog RSS Feed, and a search bar. Dimensions and annotations are provided throughout the layout.
